

JSB-Partners, LP is a private partnership providing transaction advisory services to US and European clients ranging from venture-backed, development-stage life science companies to mature multi-national healthcare organizations. Assignments include product partnering, M&A, and private placements. The firm's senior professionals have extensive experience in pharmaceutical and biotechnology management, clinical medicine, business development, corporate finance, and venture capital. JSB-Partners is a fully registered strategic advisory firm located in New York City.

Responsibilities:

JSB-Partners is looking for an Analyst for our New York office. The analyst will work directly for the senior partners of the firm focusing on a variety of business development projects, corporate finance assignments as well as client pitches. Primary responsibilities include financial modeling and valuation, market research, and presentation preparation. The analyst will also support the senior partners on all necessary activities essential to effective client management.

Qualifications / Experience

The ideal candidate will be a highly - motivated, intelligent, and energetic individual with a demonstrated track record of success from a top tier school. The individual should have completed a training program at a large or mid-sized investment bank or have one to two years of experience working in investment banking, management consulting, or similar business capacity. Interest in life sciences is a plus. Well-developed analytical and writing capabilities are essential and attention to detail is a must. A degree in finance or finance-related work experience is preferred. The candidate must be highly proficient with Excel, Word and PowerPoint.

This position represents a great opportunity for an individual to step into an entrepreneurial organization where he or she will work closely with highly experienced professionals on exciting projects in the life sciences industry. The position is best suited for a self-starter with a strong work ethic who is able to work independently.

The position will have a term of 2 to 3 years; the compensation package includes a competitive starting salary, a discretionary bonus and benefits.
